

# GLOBAL PROPTech & CONTECH AWARDS

Middle East Edition 2026  
Nominee Booklet

## About the Global PropTech & ConTech Awards

The Global PropTech & ConTech Awards have been established to recognise the dedication of companies and individuals in the construction & real estate industry with regard to unleashing innovation. This event brings together international companies and innovators, with the awards being presented annually during PropTech Connect Middle East in Dubai.

Our dedicated judges, who are senior real estate and tech leaders, have voted on each of the nominees out of our 14 award categories based on criteria such as positive social, economic, and ecological impact, the implementation of tech, business scalability, internal sustainable organisational structure, company leadership, and growth. An additional thank you to the public, that has contributed with over 15,000+ votes across all of the categories.

You can find all of our award categories on the next page. We will be presenting the winners for all of our categories at the Award Ceremony, with 8 awards going to Technology Providers, 5 awards for Corporate Construction & Real Estate, and 1 award for Venture Capital firms.
